

EXPERIMENT 3

Create a simple cloud software application for Car Booking Reservation System using any Cloud Service Provider to demonstrate SaaS.

The screenshot displays a web application interface for a Car Booking Reservation System. The application is running on a Zoho Creator environment, as indicated by the URL: `creatorapp.zoho.in/keerthireddy4165.sse_saveetha/environment/development/car-reg/#Form:customer_info`. The interface features a dark sidebar with navigation options: "car reg", "Customer Infos", "customer info" (highlighted), "All Customer Infos", "Cab Infos", and "Payment Infos". The main content area shows a "customer info" form with fields for Name (First Name, Last Name), Email, Phone (+91 81234 56789), Address (Address Line 1, Address Line 2), City / District, State / Province, Postal Code, Country, Date (dd-MMM-yyyy), and Time (HH:mm:ss). Below the form, there is a section for "All Payment Infos" showing a table with columns: bank name, user name, and Email. The table contains one entry: bank name: sbi state bank, user name: keerthi reddy, Email: keerthigajjala0@gmail.com. A modal window is open on the right, displaying a detailed view of the payment information, including fields for bank name, user name, Email, user phone number (+918074045581), payment method (upi), and account number (75463874962). The bottom of the screen shows a Windows taskbar with the date and time: 9:02 PM, 16/10/2023.

EXPERIMENT 3

The screenshot shows a web browser window with the URL `creatorapp.zoho.in/keerthireddy4165.sse_saveetha/environment/development/car-reg/#Form:payment_info`. The application is titled 'car reg' and is in 'Development' mode. The left sidebar shows a menu with 'Customer Infos', 'Cab Infos', 'Payment Infos', 'payment info' (selected), and 'All Payment Infos'. The main content area is titled 'payment info' and contains the following form fields:

- bank name: Two input fields for First Name and Last Name.
- user name: Two input fields for First Name and Last Name.
- account number: A single input field.
- Email: A single input field with an email icon.
- user phone number: A dropdown menu showing '+91' and a text input field containing '81234 56789'.
- payment method: A dropdown menu showing '-Select-'.

At the bottom of the form are two buttons: 'Submit' and 'Reset'. The bottom of the browser window shows a Windows taskbar with a search bar, task icons, and system tray information (29°C, Partly cloudy, 9:02 PM, 16/10/2023).

The screenshot shows the 'All Payment Infos' report in the 'car reg' application. The URL is `creatorapp.zoho.in/keerthireddy4165.sse_saveetha/environment/development/car-reg/#Report:All_Payment_Infos`. The left sidebar is the same as the previous screenshot. The main content area is titled 'All Payment Infos' and shows a table with one row of data. The table has columns for 'bank name', 'user name', and 'Email'. A right-hand panel shows the details of the selected row.

bank name	user name	Email
sbi state bank	keerthi reddy	keerthigajjala0@gmail.com

The right-hand panel shows the details of the selected row:

bank name	sbi state bank
user name	keerthi reddy
Email	keerthigajjala0@gmail.com
user phone number	+918074045581
payment method	upi
account number	75463874962

Below the table is a link to 'Add a comment'. The bottom of the browser window shows a Windows taskbar with a search bar, task icons, and system tray information (29°C, Partly cloudy, 9:02 PM, 16/10/2023).
